

EXPLORER LX

FROM 2,100 TO 3,400 GPD (7,950-12,870 LPD) OF PURE WATER

PURE WATER FOR
LARGE VESSELS

The Blue Water Explorer LX series of watermakers delivers reliable semi-automatic operation in a compact, open-frame design engineered for large yachts and commercial vessels. The electronic controller monitors salinity and system status while diverting product water to the storage tank. Built for simplicity and long-term performance, the LX features high-efficiency components and a standard Fresh Water Flush system that ensures dependable water production.

HIGHLIGHTS

- Semi-automatic operation
- Simple LCD screen controller
- Available in open frame or modular configurations
- Fresh Water Flush system (standard)
- High-efficiency, high-rejection membranes
- Product water carbon filter
- Dual-voltage 50/60Hz motors
- Optional remote control
- Expandable to 3,400 GPD
