CLEARMATE II

FROM 1,000 TO 2,800 GPD OF ULTRA PURE WATER

ULTRA PURE
SPOT-FREE RINSING

Blue Water's redesigned ClearMate system delivers ultra-pure, spot-free rinse water for your yacht using proven Blue Water Desalination technology. Featuring a significantly smaller footprint and advanced full-color touchscreen controls, the compact ClearMate II system can utilize dock water or feed from an existing seawater desalination system. ClearMate II removes up to 99% of remaining dissolved solids while maintaining quiet, energy-efficient performance. Available in multiple capacities, ClearMate II systems can produce from 1,000 to 2,800 gallons per day (3,785 to 10,600 LPD) of ultra-pure water.

HIGHLIGHTS

- Ultra-compact space-saving footprint
- Dual-feed capability from dock water or existing watermaker
- Fully automatic operation
- Quiet, low power consumption
- Advanced full-color touchscreen controls
- Removes up to 99% of dissolved solids
- Modular installation flexibility

FULL LINE OF WATERMAKERS FROM 360 TO 6,200 GPD
